

Ladies and Genlemen; I am writing to express my concern over the expansion of LPFMs taking a priority over current FM translators. I am a loyal listner of KLOVE (89.9 & 91.9 in my area) and would not want to lose this station or ministry; I do not listen to any other local stations and I support KLOVE monetarily in their mission. I respectfully ask that you re-consider the expansion of LPFM that would eliminate or constrain the national or regional broadcasting of KLOVE. Thank you for allowing me to express my feelings.
